CyberNut, the #1 solution for phishing and cybersecurity training built exclusively for K-12 schools

More than 1,619 K-12 schools have experienced data breaches, costing them millions of dollars in damages, 90% originating from faculty or staff clicking on phishing links.

Cybersecurity awareness training and proactive defense strategies are more critical than ever to safeguard your school.

Watch this **2 min video** to learn how CyberNut can help protect your school and community!

CyberNut

CyberNut

A security awareness training platform built exclusively for K-12 schools

CyberNut was designed in collaboration with school district CTOs and IT professionals. By serving only schools, we've developed a highly specialized training solution tailored specifically to the unique needs of the K-12 education sector.

CyberNut's automated campaigns train your school's **faculty**, **staff,** and **students** to recognize and report phishing emails and deep fake AI scams that are targeting your school district.

Key Features

- Account setup and integration take 20 minutes

- Training campaigns get scheduled once a school year & run on autopilot

- Our quick micro-trainings take 30 seconds to complete, eliminating complaining & push back from teachers' unions

- Native Gmail & Outlook plug-ins used to report simulations & threats

- Our leaderboards & gamification drive engagement among faculty

- Easy reporting & data export for cyber insurance & school boards

GOOD JOB

REPORT EMAIL

Why do school IT teams choose CyberNut?

REAL THREAT REPORTING

CyberNut is more than just training, it's also a real threat reporting tool to empower your faculty, staff, and students to report real phishing attacks!

BUDGET-FRIENDLY PRICING

Tailored to fit K-12 budgets, CyberNut offers transparent, all-inclusive pricing with no hidden fees—providing exactly what you need at a price you can afford.

ENGAGEMENT THROUGH GAMIFICATION

Our gamified training features an optional leaderboard that sparks friendly competition and boosts engagement.

TAILORED FOR K-12

CyberNut is dedicated solely to K-12 schools, offering training specifically crafted for educators and students, addressing their unique challenges.

POSITIVE LEARNING EXPERIENCE

Our training uses positive reinforcement, rewarding progress to create a supportive and engaging learning environment.

REAL-TIME, INTERACTIVE TRAINING

CyberNut delivers instant feedback on phishing simulations via a simple Gmail & Outlook plugin — no login required. Training takes under a minute.

GOOD JOB!

Compliance Standards

2024-2025 STATE CERTIFIED CYBERSECURITY TRAINING PROGRAM
DIR

GDPR READY

At CyberNut, we prioritize data security and privacy.

We are **DIR-certified** and compliant with **EU GDPR**, ensuring that schools and organizations meet the highest standards for protecting sensitive information.

Our policies are designed to safeguard user data, enhance transparency, and maintain compliance with industry regulations.

Time to complete CyberNut trainings?

15-30 sec CyberNut Training

30 min Traditional Training

- ✓ AI Phishing Simulator
- ✓ AI Media Literacy
- ✓ Threat Reporting tool
- ✓ Digital Citizenship
- ✓ Training Platform
- ✓ CyberSecurity Compliance

Check out what our customers have to say!

> "I prefer CyberNut over KnowBe4 because it's built for K-12. Instead of long, 30-minute trainings, CyberNut offers short, gamified micro-trainings. With leaderboards and acorns, it turns security training from 'I have to do this' into 'Do I get to do this?'"

Joe Reed

Director of IT at Sacred Heart

> "As an educator, I love CyberNut's fast, simple micro-training—no long, time-consuming videos or quizzes. The team goes above and beyond, and their training has built a strong culture of cybersecurity awareness in our district."

Dr. Shannon LaFargue

Superintendent at Calcasieu Parish School Board

▶ **Watch Full Testimonial Now!**

> "CyberNut has transformed cybersecurity in our district. It significantly reduced phishing click rates while making awareness engaging for teachers. Instead of forwarding suspicious emails to IT, they report them via the 'little blue squirrel,' earning rewards and reinforcing safe practices. CyberNut's K-12 focus makes it a perfect long-term partner for our schools."

Dr. Scott Haselwood

CIO at Deer Creek Public Schools

▶ **Watch Full Testimonial Now!**

> "CyberNut makes cybersecurity fun and engaging. Gamified learning helps staff recognize threats while enjoying friendly competition. The impact has been incredible—highly recommend!"

Jason Osei

IT Director at Campbell Independent School District

▶ **Watch Full Testimonial Now!**

> "CyberNut makes cybersecurity training easy, engaging, and risk-free, equipping schools with the tools to stay protected in the digital age."

Joe Monastero

Executive Director of Technology at Cold Spring Harbor
