Key Features for Academic Results

The Roller converts any 8,12 or 16 PowerGistics Tower to be a portable solution while keeping the small footprint. The front two wheels have full radius turn capability to allow for hassle free mobility as well as steel legs to allow for stability while transitioning to a new location.

- 1. Easy to turn front wheels:** Specifically designed to allow for full swivel capabilities making it easy to steer and transition to other rooms.
- 2. Sturdy back wheels:** Equipped with large rubber wheels and ready for a variety of environments and conditions.

PowerGistics products are proudly **MADE IN WISCONSIN**. All our products are engineered with purpose and functionality in mind, and built to last. We are a family-owned company since 1870, driven by innovation and integrity. We believe in providing products that make life easier and help solve problems.
