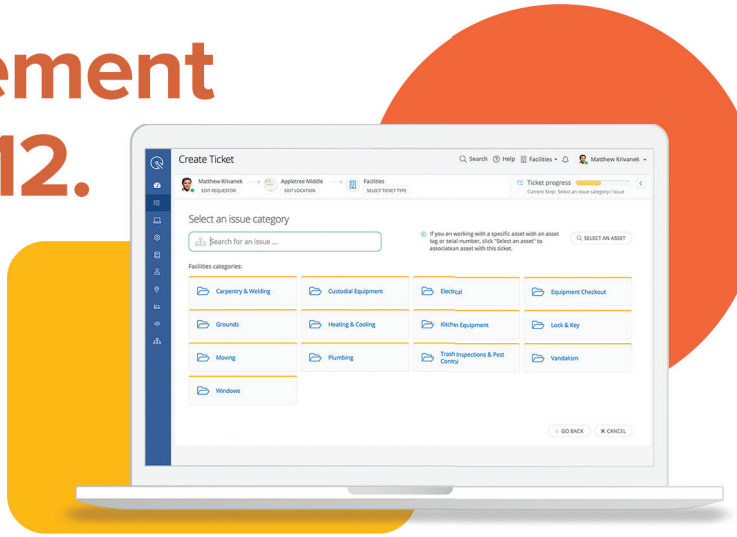
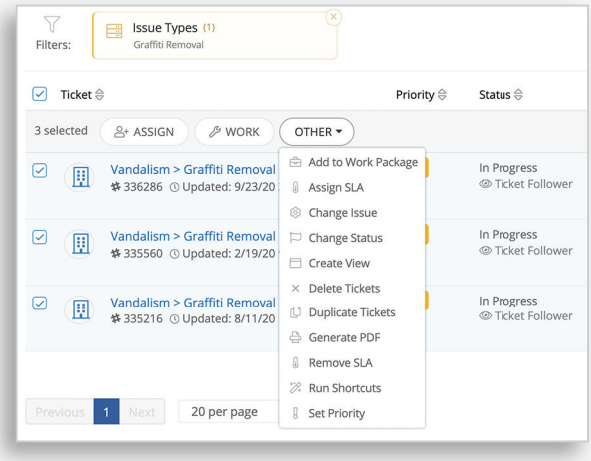
iiQ Facilities™

Facilities management built for a new K-12.

Modern K-12 facilities begin with modern management. With iiQ Facilities, maintenance staff are better equipped with powerful tools to create, organize, and complete work orders more effectively than ever.





FACILITIES WORK ORDER MANAGEMENT

Streamline work order processes.

Maximize your time for working on tasks instead of keeping track of them. Incident IQ's work order management system is powerful and intuitive to use for both teachers, staff, and technicians.

PREVENTATIVE MAINTENANCE

Stay on top of recurring maintenance work.

Avoid lapses with your preventative maintenance. Rules Engine automations generate new work orders at scheduled intervals to ensure your recurring tasks are always scheduled at the right time.

PARTS AND LABOR TRACKING

Keep tabs on your parts inventory and labor costs.

Keep accurate timekeeping and ensure that hours are accurately counted and within budget. Parts tracking with Incident IQ helps you know exactly how many parts you have at each location, and sends you alerts when you start to run low.
